

# URBAN LEAGUE OF FLINT SCHOLARSHIP ESSAY TIPS

## ESSAY DO'S AND DONT'S

- Make sure you understand and answer the questions. Follow directions about length and format.
- Use a computer - not a pencil - to fill out your application or write your essay.
- Write a story that only you can tell, and in your own words.
- Tell about something important to you, how your life experiences have changed you and what you have learned about yourself and others.
- Describe the strength and weakness of the essay topic.
- Provide insight about and yourself and your character, don't just brag about accomplishments.

And a broader piece of advice:

- **Apply early - Late applicants lose out even if they are qualified.**
- **Ensure all necessary forms are enclosed as requested.**
